() CERCLA Enforcement () Federal Facility () UIC () SPCC () Other:
SEND COPIES TO: (X)6E-E (X) 6W-SP (X) ASTDR (X) State Agency () Other

DISCUSSION: The Garth Road site is Located in Donna, Texas. The site has been identified as a possible dumping ground for petrochemical wastes; however, no sludges, stained soils, distressed vegetation or odor were observed during the 1987 site inspection. The site lacks waste quantity and potential Hazard Ranking System (HRS) targets.

Therefore, based on the file information, the Site Assessment Section recommends that the site receive a No Further Remedial Action Planned under Superfund (NFRAP) Decision. The site has been referred to the Texas Natural Resource Commission for possible assessment under the state regulatory authorities for solid wastes.
